STEP INTO A WORLD OF UNCOMPROMISING BEAUTY AND PERFORMANCE

Imagine a floor that's as stunning as it is strong. A floor that elevates your space with a visual that mimics the ageless sophistication of marble and terrazzo yet stands up to the toughest spills and scrapes with resilience. Introducing our revolutionary new **REGUPOL upscale** luxury rubber plank and tile flooring, the perfect blend of high-end design and everyday practicality.

This 12-color collection embodies the simple elegance of minimalist design, featuring a clean and crisp palette of whites, grays, and pops of black and brown. Let your creativity flow as you pair and pattern these versatile tones, crafting unique designs that reflect your personal style.

Upscale is offered with a choice of clean, straight edges or a subtle micro-bevel detail. Where square-edge floors shine with pure minimalism, micro-beveled edges whisper of understated luxury. Their gently angled contours play with light and texture, creating a sophisticated backdrop for your interior design.
